PES University

BTech in Computer Science

2022 - Present

GPA: Pending

Presidency School Bangalore South

CBSE 12th Board Examination - 94 percent

CBSE 10th Board Examination - 92 percent

2020 - 2022

PROJECTS

Pybot

Pybot is a Python-based bot designed to function as an interactive Python interpreter on WhatsApp. It allows users to run Python code directly through WhatsApp messages, making it convenient for quick testing and code execution on the go.

Nonogram Puzzle Solver in Python

This is a Python-based program designed to solve Nonogram puzzles, also known as Picross or Grid-dlers. Nonograms are grid-based logic puzzles where players must fill in cells based on numerical clues provided for each row and column. This project aims to provide an efficient and intuitive solver to automate the solution process for Nonogram enthusiasts.

SKILLS SUMMARY

Languages Python(Intermediate), C(Beginner)

Technologies HTML

Soft skills Leadership, Time management, Communication, Collaboration

ACHIEVEMENTS

Awarded Scholarship for the Women Engineering Program organised by Talensprint and supported by Google
